

**Abdul Rahman Lansah, 2022 JEQ Foundation Scholarship Recipient  
Community Service Story**

**Topic:**

**ActionAid Ghana community engagement program on the sensitization of climate change and its mitigation actions at Kpalyogu Chief Palace in the Savelugu Municipality in 2022.**

*Activista is a youth network operating under ActionAid Ghana with the mission of fighting poverty and injustice across the globe. I am a dedicated member of the group which led to my appointment as the Secretary for the Tamale Metropolis branch of the youth group in the Northern Region of Ghana, West Africa.*

*We also had another engagement at Dalung Chief's Palace in the Kumbungu Municipality on the same topic.*

*Our engagement provided positive impacts as it brought awareness to the community members of some of the activities that lead to negative impacts on the climate.*

*Also, chiefs in both Savelugu and Kumbungu communities set bylaws to prevent certain activities of the people including the total ban on cutting down trees within their traditional areas.*

Congratulations Lansah. Continue with all the good work you are doing for your community. JEQ Foundation is so proud of you!
