JEQ FOUNDATION NEWSLETTER

UNSTOPPABLE AND COMMITTED DONORS

We raised \$17, 522 in 2021 exceeding our \$15,000 fundraising goal and representing an increase of 119.3% from last year's funds raised.

Even with the Covid-19 pandemic and uncertainty across the globe, our cherished donors and supporters continue to show up and give to excellent but needy college students in Ghana, West Africa. We are more than grateful, and we know you will continue to support and donate to a worthy cause.

As always, 100% of your donation funded excellent but needy college students in Ghana.

OUR FIRST ALUMNI

Thanks to your support, Samuel graduated with first-class honors in 2021. According to him, the “laptop JEQ Foundation provided helped me to put in extra work crunching numbers for my data project and also enable[d] me to increase my GPA!” You can do it again, donate and or "adopt" a student and sponsor them throughout their bachelor's program in Ghana. Join us to impact lives in Ghana.

MENTORSHIP MATTERS

We started 2022 with a series of virtual academic advising and mentoring sessions for our scholarship recipients. The recipients are grouped into their various academic fields for different sessions.

We have volunteered professionals in the medical sector, engineering, business, and general education who are committed to advising and mentoring all the scholarship recipients either online or face-to-face in Ghana. We welcome anyone who has time to volunteer to contact us.
